Define Problem Statements (Customer Problem Statement Template):

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love. A well-articulated customer problem statement allows you and your team to find the ideal solution for your customers' challenges. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

Example:

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A borrower managing multiple loans and financial obligations.	Reduce my debt burden and negotiate affordable loan settlements.	I struggle to understand my financial health and communicate effectively with lenders.	I have limited financial knowledge and no personalized guidance for debt recovery.	Stressed and uncertain about my financial future.
