Customer Journey Map

Map out the customer's experience stage-by-stage, capturing their actions, touchpoints, thoughts, and feelings, along with process ownership and improvement opportunities at each stage.

Phase of Journey	Stage 1	Stage 2	Stage 3
Actions <i>What does the customer do?</i>	- Registers an account. - Logs into the platform. - Enters loan and financial details.	- Reviews financial health dashboard. - Requests AI settlement prediction. - Generates AI negotiation strategy and letter.	- Uses AI-generated letter to negotiate with lender. - Tracks settlement progress. - Monitors financial health improvements.
Touchpoint <i>What part of the service do they interact with?</i>	- Registration page. - Login page. - Loan & Financial Profile forms.	- Financial Dashboard. - Settlement Predictor. - AI Letter Generator.	- Settlement History page. - AI History section. - Financial Analytics Dashboard.

Customer Thought <i>What is the customer thinking?</i>	• "I hope this platform can help me manage my debt." • "My financial information should remain secure." • "The process should be simple."	• "Can AI suggest the best settlement?" • "Will this improve my financial situation?" • "I need a professional negotiation letter."	• "I hope my lender accepts the proposal." • "My financial health is improving." • "I want to stay debt-free."
Customer Feeling <i>What is the customer feeling?</i>	Anxious but hopeful.	Confident and supported.	Relieved, satisfied, and financially secure.

Process Ownership <i>Who is in the lead on this?</i>	User Authentication & Loan Management Module	AI Financial Analysis Engine & Gemini AI Services	Settlement Management Module & Financial Dashboard
Opportunities <i>How can we improve this stage?</i>	• Simplify registration. • Improve form validation. • Add onboarding guidance.	• Provide more personalized AI recommendations. • Enhance financial visualizations. • Improve response speed.	• Add settlement status notifications. • Provide personalized financial tips. • Generate downloadable settlement reports.
